Energy Focus, Inc. Awarded \$2.5 million in Additional Lighting Retrofit Contracts

Solon, OH, February 7, 2012 – Energy Focus, Inc. (OTC BB: [EFOI.OB](#)), a leader in providing energy efficient lighting solutions, today announced that it was recently awarded several additional lighting retrofit contracts for 2012 totaling \$2.5 million.

The new projects include retrofits to upgrade the lighting of a Fortune 500 manufacturing facility in the United States, a University in the Midwest as well as a number of school systems in the Southeastern United States. Energy Focus has completed the audit of the facilities, inventoried their lighting systems, created an approved energy savings design for these contracts and is now procuring the materials and overseeing the lighting installations.

Joseph Kaveski, CEO, Energy Focus, Inc. commented: "I'm especially pleased to report the award of these new contracts. Our Solutions business is off to a great start in 2012 and we continue to see an increase in the amount of Energy Focus LED products being used in our lighting retrofit projects. This increase includes our Best-in-Class LED tube lamps to replace linear fluorescent lamps and our [LED retrofit kits to replace HID technologies](#)."

About Energy Focus, Inc.

Energy Focus, Inc. is a leading provider of energy efficient LED lighting products and turnkey energy efficient lighting solutions, holding 75 relevant lighting patents. Our solutions provide energy savings, aesthetics, safety and maintenance cost benefits over conventional lighting. Our long-standing relationship with the U.S. Government includes numerous research and development projects for the DOE and DARPA, creating energy efficient LED lighting systems for the U.S. Navy fleet and the next generation Very High Efficiency Solar Cell. Company headquarters are located in Solon, OH, with additional offices in Nashville, TN, Pleasanton, CA, and the United Kingdom. For more information, see www.energyfocusinc.com.
